

## ***Appendix H: – Site Sustainability Assessments***

---

As part of the Village Boundary Exercise Lympstone Parish Council was requested by EDDC to carry out a Site Sustainability Assessment on all locations that were supported for inclusion in the proposed 40 new homes within the EDDC Local Plan. Appendix A d) shows a shortened criterion assessment that was carried out on all locations within the Parish – a first cut. The following Site Sustainability Assessments are the detailed assessments of the top scoring sites – The Preferred List.

These Assessments are as submitted to EDDC in December 2012 and have not been updated to reflect any changes to the locations as a result of planning applications determined in the interim.

**Settlement Name:- Lympstone Parish Site:- The Old Rectory, Burgmann’s Hill**

Confirmed availability. The Church Commissioners have expressed a wish to work with the Parish Council to produce an acceptable development scheme within 5 years. 6 – 9 dwellings.

| Sustainability Appraisal Objectives used to assess the East Devon Local Plan Policies | Criteria to apply to all sites in the villages  | Comments   |
|---|---|--|
| 1.To ensure everybody has the opportunity to live in a decent home                    | This is unlikely to be relevant at this stage   |  |
| 2.To ensure all residents have access to community services                           | <p><b>New development should ideally be located within a 400m (or at most 600m) walk of most local facilities and services e.g. shop, hall, bus stop.</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>  | <p>The “Centre of the village” is considered to be The Strand outside the Swan Inn, Londis Store and Sheers Cafe and only 80m from the Post Office and 50m from the Railway Station. The site is located 660m from the Village Centre.</p> <p>Yes<br/>Partially</p>  |
| 3.To provide for education and skills   | <p><b>In settlements with schools, new development should be located within 400m (or at most 600m).</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>  | <p>The Village Primary School and Pre-School are located at the top of School Hill adjacent to the Village Hall. The site is located 500m from the Primary School</p> <p>Yes<br/>Partially</p>   |
| 4.To improve the population’s health  | <p><b>New development should ideally have access to healthcare facilities. This is not possible in most villages but sites should be located close to recreation space and off-road paths</b></p> <ul style="list-style-type: none"> <li>• Is the site within walking distance of healthcare facilities?</li> <li>• Is the site within walking distance of footpaths or cycle routes?</li> <li>• Is the site adjacent to a recreation space?</li> </ul> | <p>There is a Doctor’s Surgery in Underhill that operates as a satellite from the Claremont Practice, Exmouth. There is a surgery every week day and a dispensary for prescriptions.</p> <p>Yes – 680m from the surgery</p> <p>Yes – 270m from an access to the Exe Estuary Trail.</p> <p>Yes – the site is 270m from Avenue Field and 270m from Candy’s Field</p> |

|  |   |   |
|--|---|---|
| 5.To reduce crime and fear of crime  | This is unlikely to be relevant at this stage   |   |
| 6.To reduce noise levels and minimise exposure of people to noise and other types of pollution                   | <p><b>New development should not be sited where adverse noise levels will be caused by or to residents</b></p> <ul style="list-style-type: none"> <li>• Is the site adjacent to a main vehicle route (e.g. 'A' road or railway)?</li> <li>• Is an adjacent use likely to have an adverse impact on new residents (e.g. factory, farm?)</li> <li>• Is construction noise/ new residents noise likely to impact on existing residents (e.g. new family housing or employment adjacent to sheltered accommodation)?</li> </ul>       | <p>Apart from the A376 and the railway (now on continuous line so not nearly as loud) there are no noise nuisances within the Parish.</p> <p>No</p> <p>No</p> <p>There will inevitably be some construction noise to the immediate local residents.</p> |
| 7.To maintain and improve cultural, social and leisure provision   | This is unlikely to be relevant at this stage but it would be helpful to note any particular needs that could be met/part met by new development e.g. green space, new village hall   | No  |
| 8.To maintain and enhance built and historic assets  | <p><b>New development should not be located where it will harm the character or setting of an historic asset</b></p> <ul style="list-style-type: none"> <li>• Will new development impact upon the setting or character of a historic building or Conservation Area?</li> <li>• Approximately how far away are they?</li> </ul>   | <p>No</p> <p>N/A</p>  |
| 9.To promote the conservation and wise use of land and protect and enhance the landscape character of East Devon | <p><b>Priority should be given to previously used land and new development should be located adjacent to or within the existing Built-up Area Boundary to minimise impact on the countryside and prevent sprawl. Sites remote from the existing settlement should not be considered appropriate.</b></p> <ul style="list-style-type: none"> <li>• Is this a greenfield site?</li> <li>• Are there existing buildings/has the site been previously developed?</li> <li>• Is the site within a designated landscape, for</li> </ul> | <p>Site is located within the Built-up Area Boundary</p> <p>No</p> <p>Yes – there is an existing house on the plot which we would expect to be demolished as part of the development</p> <p>No</p>  |

|   |  |  |
|---|--|--|
|   | <p>instance Green Wedge or a Coastal Preservation Area?</p> <ul style="list-style-type: none"> <li>• Can the site be seen from public footpaths/roads/other vantage points?</li> <li>• How prominent is the site when viewed from outside it, and from approximately how far away?</li> <li>• How prominent is the site when viewed from adjoining properties?</li> </ul>                        | <p>Yes – the site has mature trees but would be visible from Burgmann’s Hill<br/>Only prominent from the adjacent road.</p> <p>Only prominent from immediate neighbours</p>  |
| 10.To maintain the local amenity, quality and character of the local environment        | <p><b>New development should not be located where it will have a significant impact on local amenity or character</b></p> <ul style="list-style-type: none"> <li>• Will development have a significant adverse impact on local amenity?</li> <li>• Will it adversely affect the character of the local area (for instance through removal of trees/development of a greenfield site)?</li> </ul> | <p>No</p> <p>No – there are a number of existing mature trees which are subject to TPOs – we would envisage these remaining – where possible. Some were ring barked and we do not know the full extent of this action.</p>   |
| 11.To conserve and enhance the biodiversity of East Devon                               | <p><b>Sites on or adjacent to County Wildlife Sites, Sites of Special Scientific Interest or Special Areas of Conservation should be avoided.</b></p> <ul style="list-style-type: none"> <li>• These should have been picked up through the SHLAA assessment and also appear on the maps provided for the public consultation</li> </ul>   | <p>No effect</p>   |
| 12.To promote and encourage non-car based modes of transport and reduce journey lengths | <p><b>In settlements with public transport available, sites should be within 400m of a bus stop (or at most 600m).</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>  | <p>Lympstone has a railway station on the Exeter-Exmouth line. A bus service Exeter- Exmouth (57) on the A376 at The Saddlers and also Exeter - Exeter Airport - Woodbury - Jubilee Drive (56A) - Exmouth - Sidmouth (56B) from a stop on Meeting Lane. The site is 500m from the station and 100m from the nearest bus stop.</p> <p>Some – The Avenue 270m away<br/>Partially</p> |
| 13.To maintain and enhance the environment in terms of air, soil and water quality      | <p><b>Areas of best quality agricultural land and areas where pollution is a particular problem should be avoided</b></p> <ul style="list-style-type: none"> <li>• Is the site in agricultural use?</li> </ul>   | <p>No</p>  |

|  |   |   |
|--|---|---|
|  | <ul style="list-style-type: none"> <li>• Is the site adjacent to a main road?</li> <li>• Is there sewerage capacity?</li> </ul>   | No<br>See Notes On Criteria item 6  |
| 14.To contribute towards a reduction in local emissions of greenhouse gases  | This is unlikely to be relevant at this stage   |   |
| 15.To ensure that there is no increase in the risk of flooding   | <p><b>Sites within areas known to flood should be avoided if possible.</b></p> <ul style="list-style-type: none"> <li>• Is the site in or adjacent to an area known to flood or identified on the flood zone maps?</li> </ul>   | There is a flood zone in Lympstone running from the Saddlers down the Wotton Brook to the River Exe. Whilst some of the prospective sites are adjacent to the flood zone, none are in the flood zone itself and none have a record of flooding.   |
| 16.To ensure that energy consumption is as efficient as possible   | This is unlikely to be relevant at this stage   |   |
| 17.To promote wise use of waste resources whilst reducing waste production and disposal  | This is unlikely to be relevant at this stage   |   |
| 18.To maintain sustainable growth of employment for East Devon, to match levels of jobs with the economically active workforce | <p><b>Ideally new development should be located within 400m (or at most 600m) of employment sites</b></p> <p>Note- employment opportunities are limited in many villages, with most workers commuting out. You may consider that employment land should be identified in your settlement.</p> | <p>There is limited opportunity for employment within the village outside of the local shops and pubs.</p> <p>There is a good train service to Exeter and Exmouth and a bus service along the A376 and a more limited bus service via Exeter Airport from Meeting Lane.</p> <p>The Neighbourhood Plan and the Parish Plan have both identified the need for small business units/storage/office space.</p> <p>Of greater need is a good broadband connection (now being put in place) to support the growing number of home workers in the community.</p> |
| 19.To maintain and enhance the vitality and viability of the Towns of East Devon   | This is unlikely to be relevant at this stage   |   |
| 20.To encourage and accommodate both   | This is unlikely to be relevant at this stage   |   |

|                                  |  |  |
|----------------------------------|--|--|
| indigenous and inward investment |  |  |
|----------------------------------|--|--|

**Any other observations :** This site scored well against our criteria with no red scores.  
**Have you attached additional information?** No

**Settlement Name:- Lympstone Parish Site:- Jackson Meadow (2) Smaller**

This is the first of 2 sites adjoining Jackson Meadow a development completed in 2008 – this site is on additional land accessed through the existing entrance to the estate and is anticipated to be for 6 homes. The developer has an option from the land owner and is in advanced discussions with EDDC.

| Sustainability Appraisal Objectives used to assess the East Devon Local Plan Policies | Criteria to apply to all sites in the villages  | Comments  |
|---|---|---|
| 1.To ensure everybody has the opportunity to live in a decent home                    | This is unlikely to be relevant at this stage   |   |
| 2.To ensure all residents have access to community services                           | <p><b>New development should ideally be located within a 400m (or at most 600m) walk of most local facilities and services e.g. shop, hall, bus stop.</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>  | <p>The “Centre of the village” is considered to be The Strand outside the Swan Inn, Londis Store and Sheers Cafe and only 80m from the Post Office and 50m from the Railway Station. The site is located 700m from the Village Centre.</p> <p>Yes<br/>Partially</p>   |
| 3.To provide for education and skills   | <p><b>In settlements with schools, new development should be located within 400m (or at most 600m).</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>  | <p>The Village Primary School and Pre-School are located at the top of School Hill adjacent to the Village Hall. The site is located 300m from the Primary School</p> <p>Yes<br/>Partially</p>  |
| 4.To improve the population’s health  | <p><b>New development should ideally have access to healthcare facilities. This is not possible in most villages but sites should be located close to recreation space and off-road paths</b></p> <ul style="list-style-type: none"> <li>• Is the site within walking distance of healthcare facilities?</li> <li>• Is the site within walking distance of footpaths or cycle routes?</li> <li>• Is the site adjacent to a recreation space?</li> </ul> | <p>There is a Doctor’s Surgery in Underhill that operates as a satellite from the Claremont Practice, Exmouth. There is a surgery every week day and a dispensary for prescriptions.</p> <p>Yes – the site is located 750m from the surgery.</p> <p>Yes – the site is 550m from an access point to the Exe Estuary Trail</p> <p>Yes – the site is 150m from Candy’s Field and 100m from a small</p> |

|  |   |  |
|--|---|--|
|  |   | children's playground  |
| 5.To reduce crime and fear of crime  | This is unlikely to be relevant at this stage   |  |
| 6.To reduce noise levels and minimise exposure of people to noise and other types of pollution                   | <p><b>New development should not be sited where adverse noise levels will be caused by or to residents</b></p> <ul style="list-style-type: none"> <li>• Is the site adjacent to a main vehicle route (e.g. 'A' road or railway)?</li> <li>• Is an adjacent use likely to have an adverse impact on new residents (e.g. factory, farm?)</li> <li>• Is construction noise/ new residents noise likely to impact on existing residents (e.g. new family housing or employment adjacent to sheltered accommodation)?</li> </ul> | <p>Apart from the A376 and the railway (now on continuous line so not nearly as loud) there are no noise nuisances within the Parish.</p> <p>No</p> <p>No</p> <p>The site is immediately adjacent to the first phase of Jacksons Meadow so disruption to residents is inevitable during construction</p> |
| 7.To maintain and improve cultural, social and leisure provision   | This is unlikely to be relevant at this stage but it would be helpful to note any particular needs that could be met/part met by new development e.g. green space, new village hall   |  |
| 8.To maintain and enhance built and historic assets  | <p><b>New development should not be located where it will harm the character or setting of an historic asset</b></p> <ul style="list-style-type: none"> <li>• Will new development impact upon the setting or character of a historic building or Conservation Area?</li> <li>• Approximately how far away are they?</li> </ul>   | <p>No</p> <p>N/A</p>   |
| 9.To promote the conservation and wise use of land and protect and enhance the landscape character of East Devon | <p><b>Priority should be given to previously used land and new development should be located adjacent to or within the existing Built-up Area Boundary to minimise impact on the countryside and prevent sprawl. Sites remote from the existing settlement should not be considered appropriate.</b></p> <ul style="list-style-type: none"> <li>• Is this a greenfield site?</li> <li>• Are there existing buildings/has the site been previously developed?</li> </ul>   | <p>The site is within the Built-up Area Boundary and adjacent to a recent development – Jackson Meadow.</p> <p>No</p> <p>Yes</p>   |

|   |  |   |
|---|--|---|
|   | <ul style="list-style-type: none"> <li>• Is the site within a designated landscape, for instance Green Wedge or a Coastal Preservation Area?</li> <li>• Can the site be seen from public footpaths/roads/other vantage points?</li> <li>• How prominent is the site when viewed from outside it, and from approximately how far away?</li> <li>• How prominent is the site when viewed from adjoining properties?</li> </ul> | <p>No</p> <p>The site is adjacent to Candy’s Field and will be seen from this public open space, however that is also true of the existing houses so there is no detriment</p> <p>As above</p> <p>As Above</p>  |
| 10.To maintain the local amenity, quality and character of the local environment        | <p><b>New development should not be located where it will have a significant impact on local amenity or character</b></p> <ul style="list-style-type: none"> <li>• Will development have a significant adverse impact on local amenity?</li> <li>• Will it adversely affect the character of the local area (for instance through removal of trees/development of a greenfield site)?</li> </ul>                             | <p>No</p> <p>No</p>   |
| 11.To conserve and enhance the biodiversity of East Devon                               | <p><b>Sites on or adjacent to County Wildlife Sites, Sites of Special Scientific Interest or Special Areas of Conservation should be avoided.</b></p> <ul style="list-style-type: none"> <li>• These should have been picked up through the SHLAA assessment and also appear on the maps provided for the public consultation</li> </ul>   | N/A   |

| 20.To encourage and accommodate both indigenous and inward investment            | This is unlikely to be relevant at this stage |  |

**Any other observations :-**

Jackson Meadow is a development of 52 properties of mixed type completed in 2008. Properties range from 5 bedroom detached houses to two bedroom flats. Access to the development is off Trafalgar Road. The land owner has granted a developer options on two parcels of land on the South/South West boundary of the existing development. This site relates to the smaller plot in the North Westerly sector of the existing development.

During the Planning Decision stage of the original development the Planning Committee of EDDC placed a Section 106 order on the developer (Cavanna Homes) which along with other conditions obliged Cavanna Homes to improve access to the development by widening Trafalgar Road. Due to whatever reasons whilst this was placed as a condition of the planning agreement it was never incorporated into the Section 106 document. As a consequence this road improvement to the existing development was never completed – despite appeals to Cavanna Homes.

Access to the existing development is a real issue along relatively narrow roads lined with parked cars. This site development of 6 houses along with a further 11 to 13 at the larger site will place additional strain on the access infrastructure.

The completion of the road improvement scheme, or an additional access to the development, would be a major condition of any planning application for this site.

At the time of the existing development the Parish Council pointed out that the allocation of space for parking on the development was woeful. This has since proved to be the case with cars parked on the pavements and roadside making access within the estate dangerous. As a condition of any approval additional public parking areas must be created for both the existing and new houses.

The provision of open space within the existing development is poor – this is a further item that needs to be factored into any proposed development maybe at the expense of fewer houses.

Access and on-site public parking are two conditions of this scheme.

**Have you attached additional information? No**

**Settlement Name:- Lympstone Parish Site:- Jackson Meadow (Larger)**

This is the second of 2 sites adjoining Jackson Meadow a development completed in 2008 – this site is on additional land accessed through the existing entrance to the estate and is anticipated to be for 11 to 13 homes. The developer has an option from the land owner and is in advanced discussions with EDDC.

| Sustainability Appraisal Objectives used to assess the East Devon Local Plan Policies | Criteria to apply to all sites in the villages   | Comments   |
|---|--|--|
| 1.To ensure everybody has the opportunity to live in a decent home                    | This is unlikely to be relevant at this stage  |  |
| 2.To ensure all residents have access to community services                           | <p><b>New development should ideally be located within a 400m (or at most 600m) walk of most local facilities and services e.g. shop, hall, bus stop.</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>   | <p>The “Centre of the village” is considered to be The Strand outside the Swan Inn, Londis Store and Sheers Cafe and only 80m from the Post Office and 50m from the Railway Station. The site is located 750m from the village centre</p> <p>Yes<br/>Partially</p> |
| 3.To provide for education and skills   | <p><b>In settlements with schools, new development should be located within 400m (or at most 600m).</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>   | <p>The Village Primary School and Pre-School are located at the top of School Hill adjacent to the Village Hall. | 20.To encourage and accommodate both indigenous and inward investment            | This is unlikely to be relevant at this stage |  |

**Any other observations :-**

Jackson Meadow is a development of 52 properties of mixed type completed in 2008. Properties range from 5 bedroom detached houses to two bedroom flats. Access to the development is off Trafalgar Road. The land owner has granted a developer options on two parcels of land on the South/South West boundary of the existing development. This site relates to the larger plot in the South Westerly sector of the existing development.

During the Planning Decision stage of the original development the Planning Committee of EDDC placed a Section 106 order on the developer (Cavanna Homes) which along with other conditions obliged Cavanna Homes to improve access to the development by widening Trafalgar Road. Due to whatever reasons whilst this was placed as a condition of the planning agreement it was never incorporated into the Section 106 document. As a consequence this road improvement to the existing development was never completed – despite appeals to Cavanna Homes.

Access to the existing development is a real issue along relatively narrow roads lined with parked cars. This site development of 11 to 13 houses along with a further 6 at the smaller site will place additional strain on the access infrastructure. The completion of the road improvement scheme, or an additional access to the development, would be a major condition of any planning application for this site.

At the time of the existing development the Parish Council pointed out that the allocation of space for parking on the development was woeful. This has since proved to be the case with cars parked on the pavements and roadside making access within the estate dangerous. As a condition of any approval additional public parking areas must be created for both the existing and new houses.

Access and on-site public parking are two conditions of this scheme. The provision of open space within the existing development is poor – this is a further item that needs to be factored into any proposed development maybe at the expense of fewer houses. The Parish Council would like to preserve the land between the proposed development and the Church as an open space to protect the character and setting of the historic church. This should be an additional condition on the planning.

**Any other observations:-**

The landowner’s agent has advised us that his client intends to submit to build 15 homes on this location. The Parish Council feels this to be excessive given the issues surrounding this location.

- I. This site has been the subject of a planning application for two houses and was rejected due to poor access on to Longmeadow road. Whilst there are solutions to this issue we are unaware that it has yet been resolved and until such time as a resolution is found this site is undevelopable.
- II. As previously stated parking is a major issue along Longmeadow Road, a major artery into the village from the A376. There are limited opportunities to ease the situation, this site location being one. The Parish Council would like to see an agreement reached between EDDC, The Parish Council and the developer to reduce or even exclude an affordable housing contribution in exchange for the provision of additional public/residents parking. This to be of a permeable nature thus alleviating the runoff and sewerage concerns in iii) below.
- III. Water runoff is a major issue from the land behind Longmeadow Road on its length between Meadow Close and just West of Pretty Corner. This is the lowest section of the road and is already prone to flooding. This section is a natural valley collecting water from the South East and North West hillsides. Any development of this land will take away more natural soak away and increase runoff. Whilst supportive of this development the Parish Council is very much aware of this issue and the flooding concerns it raises with local residents.

Reducing the housing density and the provision of additional parking is a compromise solution that would produce a win/win solution for both the developer and the local community – once access has been resolved.

**Settlement Name:- Lympstone Parish Site: - Lympstone Nurseries W119**

This site is located opposite the Parish Church to the South side of Church Road.

| Sustainability Appraisal Objectives used to assess the East Devon Local Plan Policies | Criteria to apply to all sites in the villages  | Comments  |
|---|---|---|
| 1.To ensure everybody has the opportunity to live in a decent home                    | This is unlikely to be relevant at this stage   |   |
| 2.To ensure all residents have access to community services                           | <p><b>New development should ideally be located within a 400m (or at most 600m) walk of most local facilities and services e.g. shop, hall, bus stop.</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>  | <p>The “Centre of the village” is considered to be The Strand outside the Swan Inn, Londis Store and Sheers Cafe and only 80m from the Post Office and 50m from the Railway Station. The site is located 480m from the Centre of the Village.</p> <p>Yes<br/>Partially</p>  |
| 3.To provide for education and skills   | <p><b>In settlements with schools, new development should be located within 400m (or at most 600m).</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>  | <p>The Village Primary School and Pre-School are located at the top of School Hill adjacent to the Village Hall. The site is located 170m from the Primary School</p> <p>Yes<br/>Partially</p>  |
| 4.To improve the population’s health  | <p><b>New development should ideally have access to healthcare facilities. This is not possible in most villages but sites should be located close to recreation space and off-road paths</b></p> <ul style="list-style-type: none"> <li>• Is the site within walking distance of healthcare facilities?</li> <li>• Is the site within walking distance of footpaths or cycle routes?</li> <li>• Is the site adjacent to a recreation space?</li> </ul> | <p>There is a Doctor’s Surgery in Underhill that operates as a satellite from the Claremont Practice, Exmouth. There is a surgery every week day and a dispensary for prescriptions.</p> <p>Yes – 540m<br/>Yes – 560m to the Exe Estuary Trail and immediately adjacent to a footpath<br/>Yes – 200m to Candy’s Field</p> |
| 5.To reduce crime and fear  | This is unlikely to be relevant at this stage   |   |

|  |   |   |
|--|---|---|
| of crime   |   |   |
| 6.To reduce noise levels and minimise exposure of people to noise and other types of pollution                   | <p><b>New development should not be sited where adverse noise levels will be caused by or to residents</b></p> <ul style="list-style-type: none"> <li>• Is the site adjacent to a main vehicle route (e.g. ‘A’ road or railway)?</li> <li>• Is an adjacent use likely to have an adverse impact on new residents (e.g. factory, farm?)</li> <li>• Is construction noise/ new residents noise likely to impact on existing residents (e.g. new family housing or employment adjacent to sheltered accommodation)?</li> </ul>       | <p>Apart from the A376 and the railway (now on continuous line so not nearly as loud) there are no noise nuisances within the Parish.</p> <p>No</p> <p>No</p> <p>No</p>   |
| 7.To maintain and improve cultural, social and leisure provision   | <p>This is unlikely to be relevant at this stage but it would be helpful to note any particular needs that could be met/part met by new development e.g. green space, new village hall</p>  | <p>The total plot size is approximately 1.5ha with the proposed development taking 0.47ha – the owner proposes to pass the remaining area to the Parish Council for community use. This is further explained in “Any other observations”.</p>   |
| 8.To maintain and enhance built and historic assets  | <p><b>New development should not be located where it will harm the character or setting of an historic asset</b></p> <ul style="list-style-type: none"> <li>• Will new development impact upon the setting or character of a historic building or Conservation Area?</li> <li>• Approximately how far away are they?</li> </ul>   | <p>Yes – the site is opposite the Parish Church and is situated within the Lympstone Conservation Area. See “Any other observations” below.</p> <p>50m</p>  |
| 9.To promote the conservation and wise use of land and protect and enhance the landscape character of East Devon | <p><b>Priority should be given to previously used land and new development should be located adjacent to or within the existing Built-up Area Boundary to minimise impact on the countryside and prevent sprawl. Sites remote from the existing settlement should not be considered appropriate.</b></p> <ul style="list-style-type: none"> <li>• Is this a greenfield site?</li> <li>• Are there existing buildings/has the site been previously developed?</li> <li>• Is the site within a designated landscape, for</li> </ul> | <p>Whilst in the heart of the village the subject site is adjacent to but outside the Built-up Area Boundary.</p> <p>No – the site for the development is currently used as a nursery and is a brownfield site.</p> <p>Yes</p> <p>Yes – Green Wedge. The site is on the Northern boundary line of the</p> |

|   |  |  |
|---|--|--|
|   | <p>instance Green Wedge or a Coastal Preservation Area?</p> <ul style="list-style-type: none"> <li>• Can the site be seen from public footpaths/roads/other vantage points?</li> <li>• How prominent is the site when viewed from outside it, and from approximately how far away?</li> <li>• How prominent is the site when viewed from adjoining properties?</li> </ul>                        | <p>Green Wedge.</p> <p>Yes – Church Road and the surrounding area.</p> <p>This is a prominent location situated in the heart of the village and inevitably would be visible from the surrounding area.</p> <p>Prominent</p>  |
| 10.To maintain the local amenity, quality and character of the local environment        | <p><b>New development should not be located where it will have a significant impact on local amenity or character</b></p> <ul style="list-style-type: none"> <li>• Will development have a significant adverse impact on local amenity?</li> <li>• Will it adversely affect the character of the local area (for instance through removal of trees/development of a greenfield site)?</li> </ul> | <p>No – the development will improve the local amenity.</p> <p>No – no trees will be removed. The proposal will save in perpetuity the open space opposite the parish church down through the water meadows to the Wotton Brook.</p>   |
| 11.To conserve and enhance the biodiversity of East Devon                               | <p><b>Sites on or adjacent to County Wildlife Sites, Sites of Special Scientific Interest or Special Areas of Conservation should be avoided.</b></p> <ul style="list-style-type: none"> <li>• These should have been picked up through the SHLAA assessment and also appear on the maps provided for the public consultation</li> </ul>   | N/A  |
| 12.To promote and encourage non-car based modes of transport and reduce journey lengths | <p><b>In settlements with public transport available, sites should be within 400m of a bus stop (or at most 600m).</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>  | <p>Lympstone has a railway station on the Exeter-Exmouth line. A bus service Exeter- Exmouth (57) on the A376 at The Saddlers and also Exeter - Exeter Airport - Woodbury - Jubilee Drive (56A) - Exmouth - Sidmouth (56B) from a stop on Meeting Lane. The site is 560m from the station and 580m from the nearest bus stop.</p> <p>For the railway station – not by the most direct routes. For the bus there is a significant amount of footpaths.</p> <p>Partially</p> |
| 13.To maintain and enhance the environment in terms of                                  | <p><b>Areas of best quality agricultural land and areas where pollution is a particular problem should be avoided</b></p>  |  |

|  |   |   |
|--|---|---|
| air, soil and water quality  | <ul style="list-style-type: none"> <li>• Is the site in agricultural use?</li> <li>• Is the site adjacent to a main road?</li> <li>• Is there sewerage capacity?</li> </ul>   | No<br>No<br>See Notes On Criteria item 6  |
| 14.To contribute towards a reduction in local emissions of greenhouse gases  | This is unlikely to be relevant at this stage   |   |
| 15.To ensure that there is no increase in the risk of flooding   | <p><b>Sites within areas known to flood should be avoided if possible.</b></p> <ul style="list-style-type: none"> <li>• Is the site in or adjacent to an area known to flood or identified on the flood zone maps?</li> </ul>   | There is a flood zone in Lympstone running from the Saddlers down the Wotton Brook to the River Exe. Whilst some of the prospective sites are adjacent to the flood zone, none are in the flood zone itself and none have a record of flooding.   |
| 16.To ensure that energy consumption is as efficient as possible   | This is unlikely to be relevant at this stage   |   |
| 17.To promote wise use of waste resources whilst reducing waste production and disposal  | This is unlikely to be relevant at this stage   |   |
| 18.To maintain sustainable growth of employment for East Devon, to match levels of jobs with the economically active workforce | <p><b>Ideally new development should be located within 400m (or at most 600m) of employment sites</b></p> <p>Note- employment opportunities are limited in many villages, with most workers commuting out. You may consider that employment land should be identified in your settlement.</p> | <p>There is limited opportunity for employment within the village outside of the local shops and pubs.</p> <p>There is a good train service to Exeter and Exmouth and a bus service along the A376 and a more limited bus service via Exeter Airport from Meeting Lane.</p> <p>The Neighbourhood Plan and the Parish Plan have both identified the need for small business units/storage/office space.</p> <p>Of greater need is a good broadband connection (now being put in place) to support the growing number of home workers in the community.</p> |
| 19.To maintain and enhance the vitality and viability of the Towns of East Devon   | This is unlikely to be relevant at this stage   |   |
| 20.To encourage and  | This is unlikely to be relevant at this stage   |   |

|   |  |  |
|---|--|--|
| accommodate both indigenous and inward investment |  |  |
|---|--|--|

**Any other observations:-**

The subject site is not without its complications – the land is outside the Built-up Boundary Line, in a Conservation Area and into the Green Wedge and accordingly cannot score too highly against the given criteria. Our belief is that a carefully managed development in willing cooperation with the land owners can produce a result that as a community we can be proud of and be a worthy asset to pass on to our children.

- I. For 9 housing plots in the North East corner of the site (currently greenhouses) and a brownfield site.
- II. The provision of additional parking for local residents which would take parked cars off the currently dangerous bends.
- III. The proposal would also provide for occasional parking for the church (weddings and funerals) which is currently given free by Lympstone Nurseries
- IV. Provide a large open space for the community in perpetuity stretching from Church Road in front of the Church down to the Wotton Brook.

This would without doubt “promote the conservation and wise use of land and protect and enhance the landscape character of East Devon”.

Despite the foregoing there is the counter argument that any development opposite the church would be detrimental to “the local amenity, quality and character of the local environment” and would breach too many sacrosanct policies. We believe that the former view with the added benefits that this development could bring to our community, outweighs the latter. We would quote a respected Lympstone resident Mr Peter Young (formerly CEO Teignbridge Council and Assistant CEO Devon County Council) “A slight overprovision would be a sound tactical policy for the PC. The obvious candidate to add to the preferred list is the nursery site. Accepting some minor flood plain restraints - it's situation outside the village 'boundary' is illogical seen against the overall development pattern. This should be revisited. The location cries out for the village to take the initiative to make something happen. Equally important is how this is done, by way of a small sensitive development, dedication of open space and provision of some parking. This would be positive rather than reactive planning. Action would surely strengthen the PC's hand in resisting less suitable sites.” We concur totally with this statement.

**Have you attached additional information?:- No**

**Settlement Name:- Lympstone Parish Site:- Land behind Town Dairy Cottage (Meadowgate) W337**

This location was a late entry to the 2012 SHLAA list. For 6 to 8 dwellings it has yet to be assessed by the SHLAA panel. The site location is immediately to the East of W119 Lympstone Nurseries

**Any other observations:-**

Land behind Town Dairy, Meadowgate. It is felt that any development in excess of 6 plots would be excessive and recommended that this be reduced to four. Any development should ensure adequate parking for residents and visitors since this a major issue in this part of the village. We would also point out that under current planning guidance any development above 3 plots would require compliance with highway standards and that access down the private road would not be acceptable and could only be achieved by access through Lympstone Nurseries.

**Have you attached additional information? No**

## **Settlement Name:- Lympstone Parish Site:- Land North of Glebelands W307 and W307a**

This site is in effect two sites – the first site is the South West corner of the total site and we have called W307 with the remainder of the total site W307a. This confusion has occurred as the original site W307 is the subject of a planning application for 15 houses which is currently before EDDC on an “Exception Basis”. In the interim the landowner has submitted the whole site as a single unit. Further confusion is in the planned house numbers. The Max number is shown as 101 the Min as 61 with the submitted number as 200+. For our purposes we have taken a figure of 80 for the whole site and a split 15/65 for the split sites.

| <b>Sustainability Appraisal Objectives used to assess the East Devon Local Plan Policies</b> | <b>Criteria to apply to all sites in the villages</b>   | <b>Comments</b>   |
|--|---|---|
| 1.To ensure everybody has the opportunity to live in a decent home                           | This is unlikely to be relevant at this stage   |   |
| 2.To ensure all residents have access to community services                                  | <p><b>New development should ideally be located within a 400m (or at most 600m) walk of most local facilities and services e.g. shop, hall, bus stop.</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>              | <p>The “Centre of the village” is considered to be The Strand outside the Swan Inn, Londis Store and Sheers Cafe and only 80m from the Post Office and 50m from the Railway Station. | 8.To maintain and enhance built and historic assets  | <p><b>New development should not be located where it will harm the character or setting of an historic asset</b></p> <ul style="list-style-type: none"> <li>• Will new development impact upon the setting or character of a historic building or Conservation Area?</li> <li>• Approximately how far away are they?</li> </ul>   | <p>No</p> <p>N/A</p>   |
| 9.To promote the conservation and wise use of land and protect and enhance the landscape character of East Devon | <p><b>Priority should be given to previously used land and new development should be located adjacent to or within the existing Built-up Area Boundary to minimise impact on the countryside and prevent sprawl. Sites remote from the existing settlement should not be considered appropriate.</b></p> <ul style="list-style-type: none"> <li>• Is this a greenfield site?</li> <li>• Are there existing buildings/has the site been</li> </ul>   | <p>The site is located adjacent to but outside the Built-up Area Boundary</p> <p>Yes – currently used as a horse livery.</p> <p>No</p>   |

|   |   |   |
|---|---|---|
|   | <p>previously developed?</p> <ul style="list-style-type: none"> <li>• Is the site within a designated landscape, for instance Green Wedge or a Coastal Preservation Area?</li> <li>• Can the site be seen from public footpaths/roads/other vantage points?</li> <li>• How prominent is the site when viewed from outside it, and from approximately how far away?</li> <li>• How prominent is the site when viewed from adjoining properties?</li> </ul> | <p>No</p> <p>Yes – Strawberry Hill</p> <p>Given the backdrop of Glebelands the smaller site would not be considered prominent, however the full site would be exceedingly prominent from a distance of up to 2km</p> <p>The above comments apply</p>  |
| 10.To maintain the local amenity, quality and character of the local environment        | <p><b>New development should not be located where it will have a significant impact on local amenity or character</b></p> <ul style="list-style-type: none"> <li>• Will development have a significant adverse impact on local amenity?</li> <li>• Will it adversely affect the character of the local area (for instance through removal of trees/development of a greenfield site)?</li> </ul>  | <p>No</p> <p>No</p>   |
| 11.To conserve and enhance the biodiversity of East Devon                               | <p><b>Sites on or adjacent to County Wildlife Sites, Sites of Special Scientific Interest or Special Areas of Conservation should be avoided.</b></p> <ul style="list-style-type: none"> <li>• These should have been picked up through the SHLAA assessment and also appear on the maps provided for the public consultation</li> </ul>  | <p>N/A</p>  |
| 12.To promote and encourage non-car based modes of transport and reduce journey lengths | <p><b>In settlements with public transport available, sites should be within 400m of a bus stop (or at most 600m).</b></p> <ul style="list-style-type: none"> <li>• Are footpaths available to avoid traffic conflict?</li> <li>• Are access routes lit?</li> </ul>   | <p>Lympstone has a railway station on the Exeter-Exmouth line. A bus service Exeter- Exmouth (57) on the A376 at The Saddlers and also Exeter - Exeter Airport - Woodbury - Jubilee Drive (56A) - Exmouth - Sidmouth (56B) from a stop on Meeting Lane. The site is 980m from the station and 240m from the nearest bus stop.</p> <p>Yes – wholly for the bus stop and all but 50m for the station</p> <p>Partially</p> |

|  |   |   |
|--|---|---|
| 13.To maintain and enhance the environment in terms of air, soil and water quality   | <p><b>Areas of best quality agricultural land and areas where pollution is a particular problem should be avoided</b></p> <ul style="list-style-type: none"> <li>• Is the site in agricultural use?</li> <li>• Is the site adjacent to a main road?</li> <li>• Is there sewerage capacity?</li> </ul> | <p>No<br/>No<br/>See Notes On Criteria item 6</p>   |
| 14.To contribute towards a reduction in local emissions of greenhouse gases  | This is unlikely to be relevant at this stage   |   |
| 15.To ensure that there is no increase in the risk of flooding   | <p><b>Sites within areas known to flood should be avoided if possible.</b></p> <ul style="list-style-type: none"> <li>• Is the site in or adjacent to an area known to flood or identified on the flood zone maps?</li> </ul>   | There is a flood zone in Lympstone running from the Saddlers down the Wotton Brook to the River Exe. Whilst some of the prospective sites are adjacent to the flood zone, none are in the flood zone itself and none have a record of flooding.   |
| 16.To ensure that energy consumption is as efficient as possible   | This is unlikely to be relevant at this stage   |   |
| 17.To promote wise use of waste resources whilst reducing waste production and disposal  | This is unlikely to be relevant at this stage   |   |
| 18.To maintain sustainable growth of employment for East Devon, to match levels of jobs with the economically active workforce | <p><b>Ideally new development should be located within 400m (or at most 600m) of employment sites</b></p> <p>Note- employment opportunities are limited in many villages, with most workers commuting out. You may consider that employment land should be identified in your settlement.</p>         | <p>There is limited opportunity for employment within the village outside of the local shops and pubs.</p> <p>There is a good train service to Exeter and Exmouth and a bus service along the A376 and a more limited bus service via Exeter Airport from Meeting Lane.</p> <p>The Neighbourhood Plan and the Parish Plan have both identified the need for small business units/storage/office space.</p> <p>Of greater need is a good broadband connection (now being put in place) to support the growing number of home workers in the community.</p> |
| 19.To maintain and enhance the vitality and viability of   | This is unlikely to be relevant at this stage   |   |

| 20.To encourage and accommodate both indigenous and inward investment | This is unlikely to be relevant at this stage |  |

**Any other observations :-**

Land to the North of Glebelands – this site ranks outside of the 40 locations required. There has been extensive debate as to whether we should consider the site at 80 homes or at a split of 65/15 to account for the current planning application before EDDC. In the final analysis it was agreed to the 65/15 split since should there be significant shortfall elsewhere then the smaller area could enter contention. This decision was not taken lightly and with a degree of disquiet and concern. The Parish Council believe that this site could well be the primary contender under current criteria in the next round (2026). That being the case the Parish Council would like to see a holistic approach to the location since a partial development of, say 15 homes, could be counterproductive to a long term solution – not least regarding access off Glebelands.

**Have you attached additional information?:- No**
