Summary

- Phase one: Eight-Week consultation - January 18th to March 15th 2021.
- Phase two: Post the first consultation.

Following EDDC decision to pull out of GESP, we are now running a new consultation on our own Local Plan that will help to shape developments in East Devon for the next 20 years.

We will need to try and engage as many residents as possible. With the pandemic this will mean a lot of our efforts will be virtual including a social media campaign of content and paid-for posts that will target specific audiences and will include attractive images and content, including questions, to promote engagement with residents. Sharing the posts within community groups on Facebook especially will be important.

Other ideas include a 30 second advert similar to one done by Teignbridge District Council - [\(3\) Facebook](#) and a new banner for the EDDC homepage. We also plan to feature the Local Plan in our newsletter which is delivered to 14,000 subscribers.

Sell in content for local news organisations will also be an important part – we can work with them and ask them what they would be interested in and arrange regular updates and pictures for them to use and share with their own audiences – this will also help to reach older residents who do not have access to the internet.

It will be important to gain the support and engagement of local business networks, eg Chambers of Commerce in key towns and town councils who can push the campaign through their own channels.

Channels

- Media
- Briefing notes for county, town and district council members
- Website
- Social media – Facebook, Twitter, NextDoor, Youtube, Instagram? LinkedIn?
- Newsletters

Audience/stakeholders list in East Devon:

- Town, district, parish councillors
- Residents: 20% are under age 20, 8% in their 20s, 10% in their 30s, 11% in their 40s, 14% in 50s, 14% in 60s, 23% 70s+.
- Businesses
- Voluntary and community sector (sports groups and charity organisations)
- Business networks: Honiton Forward (?), Totally Locally Honiton, Honiton Chamber of Commerce, Sidmouth Chamber, Exmouth Chamber, Totally Locally Axminster, Axminster Chamber, Budleigh Salterton, Seaton, Ottery Business Forum, Cranbrook, ?FSB,(ask Cllrs for recommendations)
- What key things do people influence when they take part?

Comms objectives

- To exceed the number of responses to the issues and options consultations on the last Local Plan (478) and GESP (198) and get responses from the full range of age groups and geography of the district.
- Engage with town councils to share the messages

- Help residents to feel they are involved (sharing weekly updates of how many people have taken the consultations and key emerging themes)
- Get businesses involved – establish key partnerships with CoC
- Make the Local Plan as easy to understand as possible using simple language

Action plan

What we need to do:	Who we hope to reach	Channels it will be published	Lead	What else we need?
Newsletters (internal and external)	Subscribers and council worker	Email – plugged on SM	Comms Team	How often? Do we want to separate them and make a whole new newsletter for the Local Plan?
Social media content that nudges residents to think about key issues that matter to them and take part in the consultation	Residents and business owners	Newsletters Facebook and Twitter posts every other day, paid for posts and sharing in community groups	Comms Team	List of social media posts that prompts engagement Make eye-catching graphics and gifs
Press Releases and Sell-in Content	Residents, business owners, land owners	PR to media – BBC, Devon Live, Archant, Nub News, East Devon News EDDC website	Comms Team	List of potential content and features Determine How often we need it?
Call for sites	Landowners	Facebook and Twitter post once a week, paid for post? Sharing in relevant community groups?	Comms Team	Prepare posts, graphics and gifs
Video on local plan	Residents, business owners, land owners	Youtube and plugged on social media and in newsletters	Comms Team	Find software to do it and content Make video.
Partner up with chambers and town councils	Residents, business owners, land owners	Different organisation websites and social media accounts	Comms Team	List of organisations Make contact with them
Ward members	Residents, business owners, land owners	Social media, councillor contacts	Comms Team	Send an email out to alert all member asking for help

Members Options.

Do we want to concentrate on topics in the consultations that will promote both positive and negative reactions (potentially controversial) to get more people talking about the consultation and responding? A risk maybe that we get more comments about certain topics that others.

To what extent do we want to boost social media posts and target specific groups? Boost posts that are already doing well or do we want to focus on promoting the ones that aren't? Do we want a scatter gun to try and get as many people as possible to see the posts or focus on specific genders and age groups or do we want to target people with certain interests.

The questionnaire works better and is more relevant to individuals rather than groups. Maybe there is scope now, or perhaps after this event (e.g. in the Spring), to do some specific direct contact with groups asking them explicitly about matters most directly relevant to them, as opposed to the wide range of matters tackled through the document. For example Chamber of Commerce could be expected (you would imagine/hope) to have far more interest in and experience to share in respect of town centre matters rather than broad ranging issues that feature in much of the rest of the document – so perhaps we should be contacting groups directly and encouraging them to comment on the specific element of our future planning work that are most likely directly relevant to them.

How we planned to evaluate:

Goal	KPI
Communications campaign measured by: Increase in social media engagement and conversions - We are aiming for 500 responses	Engagement rates: <ul style="list-style-type: none">• Likes, shares and comments across the social media networks used• Website click through rate• YouTube video/playlist views• Facebook video views• Twitter video views• E-bulletin new subscribers• Weekly reviews on Fridays to see what does well and can be tweaked for following week
